Annex 2 – Project Overview Update

Workstream: Health and Justice Pilot Update

Date: Apr 2026

Achievements and Learning in the last month

- MOU agreed for project extension
- Team around person documents finalised
- Referrals have now picked up and are starting to flow
- DPIA and DSA signed of by RDUH now with partners for comments
- Process for holistic needs assessment finalised including paperwork and recording
- Recruitment happened for Kafka Brigade client – first interview conducted 1/4
- New Kafka CPR date agreed 17th July – absolute priority for all
- Evaluation agreed with Health Innovation SW

Identified risks/issues and mitigations

- **Phase 2 holistic assessments and TAP not yet live**
- IG barriers in setting up Team around a person approach – need multi agency IG input – not everyone at meeting (DPT)
- Chief Execs still need to be invited to Kafka event
- Local Probation Team engagement/capacity/priority

Focus & actions for the next month

- Increasing referrals into Phase 1 and initial stages (holistic needs assessment of Stage 2)
- Partners IG agreed and approved for Phase 2 and TAP
- Data from HMPPS passed to RDUH BI for analysis against ODD (including Kafka Brigade data requirements)
- Confirming senior leads for Kafka Brigade

Questions for the group / Escalations to Leadership Group

- Senior Leads needed from Partner Orgs
- Speed up IG process within partners.
